INTERNATIONAL STUDENT EXCHANGE PROGRAM

The International Student Exchange Program was an enlightening experience for all of

us. Getting to interact with students of Poland was genuinely fun and informative.

We got to share our thoughts, the culture, cuisine, technological advancements and

geographical significance of our wonderful country India. It surely left them in awe.

They spoke about their school life, their hobbies and the extremely cold climate in

Poland. Talking to them served as a subtle reminder for us that there is a whole world

out there for us yet to discover and experience.

Our friendly exchange was a truly delightful one and we are grateful for the

opportunity.
